

The 17th International Conference
on Robotics in Education – RiE 2026.
Wolfenbüttel, Germany: 15-17 April 2026

Call for Papers

The 17th International Conference on Robotics in Education (RiE 2026) will be held at Ostfalia University of Applied Sciences, Campus Exer 11, in the historic town of Wolfenbüttel, Germany. RiE brings together academics, researchers, teachers, engineers, and industry experts from around the world to share ideas, exchange experiences, and present innovations in the field of robotics in education.

We warmly invite you to submit and present new trends, practical experiences, innovations, and advances in the area of Robotics in Education. Suggested topics include, but are not limited to:

- Robotics in school and its curricula
- Educational robotics platforms
- Problem-based learning and robotics
- Didactic approaches in educational robotics
- Exemplary robotics projects in classes
- Best practices Robotics in education
- Web-based and remote robotics and simulation
- Assessment and evaluation of robotics activities
- Integration of robotics in school curricula
- Evaluation criteria and tools for measuring the impact
- Constructivism/constructionism and robotics
- Methodologies for teaching robotics
- Robotics and AI in schools
- Robotics contests and their educational impact
- Robotics through edutainment and their educational value
- Humanoid robots in education
- Telerobotics in the classroom
- Artificial intelligence with educational robotics

Organizers

Ostfalia University of Applied Sciences, Wolfenbüttel, Germany
Slovak University of Technology in Bratislava

Important Dates

Jan 15, 2026 Paper submission
Mar 1, 2026 Acceptance notification
Mar 29, 2026 Early registration
Apr 5, 2026 Camera-ready papers
Apr 15-17 2026 The Conference
